CHOOSING YOUR PRODUCTS

When viewing your gallery online around 4/5 weeks after our session, there will be a range of bespoke printed and digital products available for you to choose from.

This Product Guide will give you an idea of the products best suited for you. Keep in mind, size, colours and finishes and what would look best in your home.

My guide is completely flexible, you simply choose what you want.

Collections/Packages are optional not compulsory.

Popular choices are collection 2 and my keepsake box.

If you have any questions, I'm just a text away!

Fine art albums are a lovely way to keep all of your images together so that you can relive your memories simply by turning the pages.

We offer a range of different size albums to fit you and your requirements, from something more subtle to making a beautiful statement.

All albums are based on a 20 page spread of your favourite 30 images from your gallery, however you can add further pages and more images if you wish to.

All albums come in a standard black box, you can upgrade to a matching presentation box if you wish to.

Wall art is a great way to display your images around your home as much as a statement as you wish!

I offer a range of bespoke frames all of which are handmade, due to this advantage if you require a size that isn't in my guide, please let me know and I can simply give you a quote.

Many simple frame options available, from a modern black to classic oak, with different thicknesses to choose from.

All frames come with a normal glass with the option to upgrade to anti glare. Anti glare glass reflects any natural and artificial light, giving your print a deeper pop of colour and contrast, making it easier to view and admire your images.

Another option whilst ordering your frame is to upgrade from a single mount to a double. All frames come with a white single mount around 2 and a half inches around your print. Upgrading to a double mount will give your print more depth resulting in the appearance looking more grand and expensive. Examples of single mount below and double mount are on next page.

Turnover for frames is around 8/10 weeks.
